## Park Information

---

Walter Jacobs Memorial Nature Park is dedicated to helping citizens of Northwest Louisiana connect with nature by conserving a pine-oak-hickory forest for interpretation and recreation.

The park has an interpretive building with 3 rooms of live animals and exhibits about the natural world, a picnic pavilion, an herb garden, an outdoor area with captive raptors and deer, and 5 miles of hiking trails with wayside exhibits.

To protect our resource, we ask all visitors to

- Stay on designated walkways
- Allow the plants and animals in the park to remain in the park
- Dispose of litter in receptacles
- Respect the space of captive animals
- Observe taxidermy mounts without touching them

The park is open Wednesdays through Saturdays 8:00 am to 5:00 pm, and Sundays 1:00 pm to 5:00 pm. Admission is free.
